

JULIA CORPUZ

FRONT-END WEB DESIGNER

Pangasinan, Philippines | +63 970 554 0537 | jcliya20041@gmail.com | <http://www.linkedin.com/in/julia-corpuz-b12122425>

OBJECTIVE

Looking to secure a role where I can utilize my experience in building responsive websites, UI layouts, and digital branding assets. Skilled in using Figma, Adobe Illustrator, HTML, CSS and JavaScript to create wireframes, mockups, vector graphics, and clean code. Strong knowledge of web design basics, typography, and design systems, with a focus on delivering clean, user-friendly digital experiences.

EDUCATION

Bachelor of Science in Information Technology 2022 - 2026
Golden West Colleges, Inc.

PROJECTS

Capua's Trading Point of Sale System (System Analysis and Design Project) December 2024
Researcher

- Designed an all-in-one POS solution featuring real-time inventory tracking and seamless payment processing.
- Conducted user research to identify customer pain points, enabling targeted feature development.

The Crime Operative (Capstone Project) November 2025
Researcher & Visual Designer

- Developed a 3D mobile simulation that immerses players in crime investigation scenarios.
- Utilized visual design skills to create engaging graphics that enhance player experience.
- Managed progress through time-limited missions, promoting user engagement and retention.

SKILLS

- Web Design; UI Design; Responsive Web Design; Figma; Adobe Illustrator; HTML; CSS; JavaScript; Wireframing & Prototyping

EXPERIENCE

Alaminos City Police Station December 2025 - March 2026
Administrative Support

- Provided comprehensive administrative support by managing documentation, records, and day-to-day office workflows to improve operational efficiency.
- Delivered high-quality customer service by managing community inquiries, resolving issues, and maintaining positive stakeholder communication.
- Designed, edited, and optimized digital and print visual assets, ensuring strict compliance with brand guidelines and visual standards.
